BYD P6C 36 Series-4BB-156 - Austra Energy

The datasheet for the BYD P6-36
Series-3BB panels says it has 72 cells
and the size and weight that is given is
that of a 72 cell panel. However, via a

File Type PDF Byd P6c 36 Series 3bb

process I learned from Sesame Street called counting, I determined that the photograph of the solar cell on the datasheet only has 60 cells and so does not match its description.
