Our comprehensive range of products, services, and resources includes books supplied from more than 15,000 U.S., Canadian, and U.K. publishers and more.

### Dodge Cummins Automatic Vs Manual

dodge cummins auto to nv4500 manual transmission swap pt3 There are other issues with a direct comparison of a Ram HD with a manual transmission versus an HD truck with an automatic.

### Dodge Cummins Automatic Vs Manual

The benefit of an automatic is that you don't have to worry about shifting, and you can accelerate quicker. The benefit of a manual is better fuel economy on the highway, because of less parasitic losses, and the ability to spool a little bit bigger turbo lower in the RPMs.

### Automatic vs. Manual? | Dodge Cummins Diesel Forum

One plugs into the other. The manual trucks don't get the high idle switch from ram and cannot be activated unless it's a c&c truck. These are two must haves for the manual. Tuner is optional, like said above, I can't tell the difference with the detuning and the manual is a lot of fun, but I won't buy anything auto so I'm biased.

### manual vs automatic | Dodge Cummins Diesel Forum

Read Free Dodge Ram Manual Vs Automatic Manual vs Automatic | Dodge Cummins Diesel Forum Well if you plan on modding it then I would say manual for sure. A manual Cummins seems to hold the power better than most autos. I have had both auto and manual and I really prefer the manual.

### Dodge Ram Manual Vs Automatic - morganduke.org

The 5.9L Cummins engine could be paired with either a manual or automatic transmission. The Getrag 5-speed manual transmission is the ideal partner to this Cummins engine. It holds up to extra horsepower the best, and with the addition of a performance clutch, it can help make some big numbers.

### BEST and WORST transmission for a DODGE CUMMINS - YouTube

Dodge Cummins Trucks with auto transmissions: were supplied with a 23 spline input on the transfer case. All of the Factory Dodge Cummins 5 speed applications were 29 spline into the transfer case. The 29 spline shaft is stronger than the 23 spl shaft, and the auto trans with the torque converter does tend to cushion the output of the trans ...

### NV4500 Conversion Kit for 94 & up 5.9L Cummins replacing auto

If your looking for a 1/4 mile truck automatic is the way to go but they are a bit more expensive to build to hold the power reliably but a manual truck wont be able to keep up Even the stock clutch is pretty heavy so your leg will get sore in traffic. Manual diesels are much easier to drive then a manual gas job though.
