Rabobank's Global Protein Outlook for 2020. In 2020, global animal protein faces an uncertain world, but opportunities can still be found. African swine fever dominates the outlook, having generated unprecedented change in 2019 - and we expect more in 2020. Trade disputes and sustainability are other notable challenges in the global animal protein complex.

### Rabobank's Global Protein Outlook for 2020 - Foodmarket

Rabobank's global animal protein outlook 2020. Nov 14, 2019. RaboResearch Food & Agribusiness has published its annual global animal protein outlook. In general, African swine fever (ASF) overwhelms the outlook for 2020 - as it has done during 2019 - and will pull down overall growth, as well as bring uncertainty to all markets.

### Rabobank's global animal protein outlook 2020 | Food ...

Global price indicators for fertilizers are near ten-year lows due to the falling cost of raw materials, growing production capacity, and low demand. Rabobank expects little upside over the next six months in its 'Semi-Annual Global Fertilizer Outlook.' #fertilizer #nitrogen #phosphate #potash #farminputs

### Semi-Annual Global Fertilizer Outlook: Waiting for Demand

Agriculture was mostly spared from the global slump in international trade. The outlook into 2021 is very much uncertain, as US-China relations will likely continue to be tense. Rabobank also expects an improvement in the US dollar, which could result in weaker prices for US agri commodities.

### Agri Commodities Outlook 2021: Bull Waves Don't Break

However, Rabobank foresees a significant risk of a mild US recession in 2H 2020, in which case emerging markets are unlikely to perform well. We remain sceptical that a US-China trade truce will prove to be sustainable.

### ACMR Outlook 2020 - Rabobank.com

13 November 2019. RaboResearch Food & Agribusiness published its annual global animal protein outlook today. In general, African swine fever (ASF) overwhelms the outlook for 2020 - as it has done during 2019 - and will pull down overall growth, as well as bring uncertainty to all markets. In short, in 2020, the global animal protein sector faces an uncertain world, which also offers opportunities for some.

### Rabobank Global Animal Protein Outlook 2020

From its cooperative and agricultural roots, Rabobank has grown to become the world's leading financial services provider for the food & agri sector. This role has been made possible in part by the bank's extensive knowledge of the many links in the food chain. This knowledge is generated, enhanced and distributed by the RaboResearch Food & Agribusiness department.
