Redesigning Education Shaping Learning Systems

Redesigning Education is about what it takes to transform education systems when the context in which they've flourished fundamentally alters. While a fully operational 21st century education system does not yet exist, GELP teams are identifying a clear set of models and practices that together form a "roadmap" to the future, backed up by the practical lessons drawn from their experiences.

SLMS - New York Statewide Learning Management System

Education for enlightenment. If it is axiomatic to state that a 21 st century enlightenment needs to be people-powered, it should be equally self-evident that the process of educating for enlightenment must be driven from the bottom up - by school governors and leaders, teachers, pupils, their parents and the wider community. You can't run a top-down, compliance-based system that distrusts ...
